*Conformational Communication and  
New Organolithium Reactivity*

**Prof. Jonathan Paul Clayden**

University of Manchester, UK

**Friday 13th November, 2009. ICIQ Auditorium, 12 p.m.**

Born: 6th February 1968; Kampala, Uganda.

Qualifications: 1993 Ph.D. University of Cambridge (with Dr Stuart Warren); 1989 B.A. (Hons.) First Class, Natural Sciences, University of Cambridge.

Member of Royal Society of Chemistry (MRSC), Chartered Chemist (CChem), Member of American Chemical Society, Member of Society of Chemical Industry.

Current appointment: since 2001: Professor of Organic Chemistry, University of Manchester.

Previous appointments: 2000-2001 Reader in Chemistry, University of Manchester; 1994-2000 Lecturer in Chemistry, University of Manchester; 1993-4 Royal Society Western European Research Fellow with Prof Marc Julia, *École Normale Supérieure*, Paris, Fellow of Clare College, Cambridge.

Books: *"Organic Chemistry"* (pub. OUP, 2000), with N Greeves, S Warren, P Wothers: ISBN 0-19-850346-6 (Britain's best selling organic chemistry textbook); *"Organolithium Chemistry: Selectivity for Synthesis"* (pub. Elsevier, 2002): ISBN0-08-043262-X
